💼 PROFESSIONAL EXPERIENCE

During my tenure as a Junior Front-End Developer, I honed my skills in crafting dynamic and user-centric websites using a variety of technologies. I specialized in React.js, employing its powerful components and routing capabilities to create seamless and interactive web experiences. Leveraging my proficiency in HTML, CSS, and Bootstrap, I designed visually appealing layouts, ensuring a responsive and polished appearance across diverse devices. In addition, my expertise extended to incorporating vanilla JavaScript to enhance the functionality of websites, demonstrating my commitment to delivering engaging user interfaces. This experience not only deepened my technical proficiency but also strengthened my ability to collaborate with cross-functional teams, contributing to the successful realization of web projects.

🎓 EDUCATION

Bachelor of Computer Science
Faculty of Computers and Artificial Intelligence, Cairo University
2019 – present | Cairo, Egypt.
